Valve Re-calibration / Repair

Brings older valves up to new tolerances and pressure specifications. Valves should be recalibrated once every 3-4 years. If Replacement is necessary due to neglect, wear etc. individual valve replacement cost may be found in the FAQ section of our website.
 Tenor \$175.00
 Bass \$275.00

Return - Exchange Policy

Phone/Internet Sales: Upon receipt of your instrument, you have a two-week trial period. During this time, you may decide if you wish to return, or exchange any or all of the order. The return merchandise authorization number must be obtained by you before the two weeks are over. Any merchandise being returned must be sent back in the condition that you received it in. In the case of credit being issued for a return item, **any damage done to the instrument will be deducted from the credit total.**

In order to take part in the trial period, you will need to place a deposit for the entire purchase amount of the instrument or component(s). Credit may be established through Visa, Mastercard, personal check, or money order.

If items are damaged in transit to the customer, Edwards is to be notified immediately. Any damaged instruments returned without notification are subject to deductions from the credit to be issued by Edwards.

Mouthpieces are non-returnable, non-refundable.
